Biggest thank you to Megan Anthony for making rehearsal tracks, and producing videos for the Music Department this year!!!

A tremendous thank you to our administration who believes adamantly in the value of the Arts. We are so grateful for your support!

To my seniors in a year like no others-

In this insane year I hope that the “stuff” that participating in the Performing Arts gives us brought you a moment of joy and a part of the day where you could be in a place and with the community you’ve been a vital part of for the past five years doing something you love. I am so proud of all that you have done, especially this year when so many aspects were not what we signed up for when we chose music. Your passion and love for what we do carried you and you didn’t lose your voices in spite of the masks. At Monday night’s dress rehearsal when Sparkly Megan said “this is the first time I’ve played for real people since the final Les Mis rehearsal!” my own passion for what the Performing Arts give us got a little more intense and I’m so glad y’all get to have this evening! Please know how proud I am of each of you and how much I love you as you wrap up this chapter and start the next one!

Love ALWAYS,

Ms. Richard
